

School Make Up Day

State law requires 180 days of instruction, but Bear Creek Community Charter School must fulfill 185 days of instruction based upon our charter with the Wilkes-Barre Area School District.

We have requested that the District consider waiving this requiring only 184 days of instruction due to school being closed on Thursday, April 23, 2026. We are waiting on a response.

**If we do not receive approval of our request,
the make-up day will be Wednesday, June 10th.**
